www.uniquevisa.net

Reading:

1. About Australian dentist jobs in rural
- 2.
3. About current status of English language in different countries.

Reading was fine, first text about a type of dinosaur at the Museum of Natural History and the information they had about their eating habits through bones, they believed they used to eat their babies but new discoveries found that was untrue. Later something about eye development in marine animal, five types of animals described, their characteristics and how they adapted to the lack of light. Finally the impact of computers in work, how people is stressed about the amount of information available and the fact that they might lose creativity in order to achieve higher production.

Passage 1- New-Zealand Owl (Gaps, True/false/not given)
